

MINUTES OF THE COPYTHORNE PARISH COUNCIL MEETING HELD AT 7.00 PM ON TUESDAY 13th November 2018 AT COPYTHORNE PARISH HALL (REAR EXTENSION)

Present: Councillor Simon Lucas (Chairman), Councillors Steve Herra, Lady Kara Hawks, John Goodwin, Graham Chillcott, Sarah Coombs, Mike Moriarty.

Also, in Attendance: County Councillor Edward Heron, District Councillors Diane Andrews and Derek Tipp and 8 members of the public.

Clerk to the Council: Mrs Suzanne Middleton

The Chair opened the meeting by making the following statement:

We have two particular items on our agenda this evening- Item 11 (Parish Noticeboards) and Item 13 (Defibrillator Box Codes), for which I am advised a further two reports (one for each item) have been prepared but not circulated either to Members of the Parish Council or to the Clerk.

Both Item 11 and Item 13 are decision reports concerning Parish Council Assets or Funding. I have discussed this with the Clerk and also checked the regulatory position and as a result have determined that Members of the Parish council will be considerably disadvantaged in discussion of the reports having not seen the two planned to be "tabled". Under our legal obligations, any decision reports must be distributed 3 clear working days in advance of the meeting to inform full discussion prior to decision at the meeting.

Therefore, my decision as the Chairman, is that I am withdrawing these two reports (Item 11 and Item 13) on this agenda and will place them on the agenda for December 11th Meeting. This will enable the two additional reports to be sent to the Clerk for review, I assume straight away, and for onward distribution to Members well in advance of the next meeting.

My recommendation, however, is that the two report authors work together to create a single report for each item or a report for each item with an appendix which captures the content of the second report in each case.

I apologise to any members of the public who have attended to specifically hear the discussion on either of these two reports.

The Chair added that the method of working together to create the reports would be determined outside of this meeting.

117. Agenda Item 1 – Apologies

No apologies for absence had been received

118. Agenda Item 2- Councillors Declarations of Interest in items on the Agenda

No declaration of interest was made

119. Agenda Item 3- Public Session for Items on the Agenda

A member of the public reported the poor state of the footpath along Pollards Moor Road by the cross roads which made access difficult along this main pedestrian route to the church.

- **Action: Parish Clerk to report this to Hampshire County Council**

A member of the public raised concern about a pile of rubble that has been on the verge outside 2 Hawthorne Cottages, Southampton Road, Cadnam which has been there for some time and which was being added to at various times. Cllr, Chillcott reported that he had asked the Clerk to check whether a licence to store this rubbish had been issued by the council, and after enquiry the Clerk confirmed that none had been issued.

- **Action: Parish Clerk to report this situation to Hampshire County Council**

A member of the public enquired whether any allotments existed in the parish. Formerly they had been situated behind the village school. It was confirmed at the meeting that the land had been sold so no allotments existed. The Clerk was asked to enquire what the Parish council needs to do if access to an allotment is requested.

- **Action: Clerk to make enquiries regarding regulations on provision of allotments.**

The Licensing Officer had indicated that further information was required, but also that the terminal hour of the licence was not increasing (apart from Sunday). Given this clarification and in the absence of further evidence to produce to members at a hearing the objection had been withdrawn. However, the Clerk had written to the Licencing Officer to say that it would have been helpful on the original notification for the current licencing arrangements to have been made clear as the application appeared to constitute a major change, when it was in fact a minor change.

124 Agenda Item 9- Telephone Boxes

Cllr Chillcott had provided a report showing the current condition of the telephone boxes in the Parish. The Council needs to decide what to put inside the boxes and to ask local residents to adopt them for maintenance. A member of the public (Stuart Bullen-Jarvis), who has paint to use on the boxes, commented that the Winsor Lane box suffers from condensation, so it would not be appropriate to put books in this one. However, some laminated information e.g. regarding footpaths would be suitable. He indicated his willingness to act as a consultant to Cllr Chillcott.

- **RESOLVED:** Proposed by Cllr Herra and seconded by Cllr Coombs that as a first step the outside of the boxes should be cleaned up and painted. Second step would be to investigate the provision of laminated Footpath Information and History Society information and then to review the progress and decide the next step. This was unanimously agreed.

125 Agenda Item 10 -Village Signs

Cllr Herra had produced a map of potential locations of village signs- some replacements and some new. He was consulting Sarah Kelly, Landscape Officer at NFDC regarding the cost of the signs and this information would be put to the Finance Working Party and discussed as a budget allocation, to be proposed to the Council in December.

These items have been, since their construction, regularly inspected by the Parish Council.

Following the training session on the new children's play area at the Parish Hall on Friday 5th October a brief inspection of these facilities was carried out. The following items were noted on the basketball net/ backboard for attention:

- The basketball net needs to be replaced;
- A notice to be placed on the basketball backboard stating that users must remove jewellery and not hang from the net/ring, and
- Fixing bolt ends to rear of backboard need to be cut back to nuts to reduce the risk of injury.

The sports wall structure needs no attention but the ground area around needs repair as it now is very well worn. "Gasscrete" type mats were recommended.
