**24/21 Public Session**

By invitation, Chief Inspector Helen Andrews (Acting District Commander, New Forest for Hampshire Constabulary) spoke on policing matters related to the parish and the wider Forest. She explained how the available officers are tasked to deal with priorities, including burglaries and thefts from outbuildings/vehicles. A number of people have been arrested in recent months which hopefully, once evidence has been processed, will lead to charges being brought. Some updates on activities can be made on Facebook etc. but for operational reasons not all activities can be made public.

Members referenced the good work that PCSO Richard Williams does within the parish. CI Andrews concluded by saying that local residents can contact her by e-mail to raise concerns with her ([helen.andrews@hampshire.pnn.police.uk](mailto:helen.andrews@hampshire.pnn.police.uk)). On behalf of those present Cllr. Lucas thanked CI Andrews for her time.

**25/21 County and District Councillors Reports**

Prior to the meeting Dist. Cllr. Diane Andrews provided a written report (a copy of which was included in the supporting documents for this meeting on our website).

Dist. Cllr. Joe Reilly gave an update on the public consultation on the NFDC Draft Waste Strategy (a copy of which is included in the supporting documents for this meeting on our website).

**ADDENDUM TO ITEM 29/21 (relating to item 11/21 from January 12<sup>th</sup> 2021 meeting)**

**E-mail sent by the Clerk to HCC Highways on February 2<sup>nd</sup> 2021**

“At the Parish Council meeting on January 12<sup>th</sup> 2021, the following resolutions were approved:-

1. Agree that there is a case to be made to have a proper look at what’s involved in installing a roundabout at the Bartley Crossroads.
2. Get the Clerk to ask if a representative of HCC Highways can attend our next council meeting to get them to explain why Highways don’t think a roundabout is necessary.
3. Ask the Clerk to write to Highways and ask them to – post lockdown - monitor the traffic numbers at the crossroads.

Please can you let me know who I would be best contacting to progress resolutions 2 and 3 and provide me with their contact details?”

**E-mail reply received by the Clerk from HCC Highways on February 5<sup>th</sup> 2021**

“The current safety record at the crossroads would not justify a feasibility study being undertaken to consider replacing the crossroads with a roundabout. Roundabouts usually involve a large expenditure and our casualty reduction budget is retained for locations where we are having continued collision problems that we cannot resolve with lower cost measures alone such as the planned road realignment scheme at the Ipley crossroads in the New Forest which you may have heard about.

<https://www.dailyecho.co.uk/news/19037605.plan-ipley-crossroads-staggered-junction-approved/>

Owing to the complexity of constructing roundabouts, a roundabout or any other significant junction improvement would certainly be a longer term aspiration for Bartley crossroads. It would also be reliant on external funding as the County Council does not currently have sufficient funding for such improvement schemes at present. In the current climate provision of a full junction improvement is only likely to be achieved if major development was planned for the area. Although we, as an local authority, can access government funding for larger scale improvement works these are limited to those locations where it will assist strategic traffic demands on the major road network such as the Stubbington Bypass and Southampton M27 jct 8 Windhover Roundabout improvements. In the current circumstances there is not a great deal I could add to this response by attending a future council meeting.

I will certainly explore opportunities to monitor traffic numbers post lockdown, which will be largely dependent on funding being available for the necessary traffic survey equipment to be deployed and we will of course continue to monitor the safety data for the crossroads.”
