Copythorne Parish Council

INTRODUCTION

Purpose of this Document

This document defines the Terms of Reference (“ToR”) of the Copythorne Parish Council’s Advisory Committees (previously known as Working Groups) and documents the Council’s policies. This section, Introduction, is used to define terminology used throughout the remainder of the document.

Definitions

Terms of reference: ToR are used to set out the parameters within which the Advisory Committees are to operate. Good practice requires that ToR are recorded in writing and made available to all members of the Council.

Clear ToR provide assurance to the public that the Council is operating in a transparent manner and within an appropriate Governance framework.

ToR should be reviewed at least annually.

Policy and Procedures: A policy is a set of principles that form the basis of making rules and guidelines; policies provide overall direction; above all they offer transparency and consistency supporting the decision making process.

Note that Policies define only principles; whereas Procedures define how, when, [and often who]. Together, policies and procedures ensure that strategies and intentions are translated into steps that result in the required outcomes.

Advisory Committees are set up so that a small group of councillors (and sometimes co-opted experts) may focus in detail on a particular issue. This allows the Council to ensure that sufficient attention is being paid to the detail of specific issues without one topic dominating the agenda at Council meetings. Advisory Committees cannot make decisions (they may make recommendations); the Council is responsible for the actions of the Advisory Committee.

Standing Orders: Delegated powers are described in the Council’s Standing Orders (SOs). Under the 1972 Local Government Act Parish Councils have the power to organise their own affairs. If they do this then they must document how they wish to function as a council and this document, known as standing orders covers procedures during meetings, committee structures, financial matters not covered in the council’s financial regulations, delegation to council officers and other matters. SOs cannot override matters defined in legislation.

The Clerk: is employed by the Council (under section 112 (1) of the Local Government Act 1972) to provide administrative support for the Council’s activities. The Clerk is responsible for directly managing any other staff or contractor engaged by the Council.

The Clerk is the Council’s ‘Proper Officer’ - a term used in statute. It refers to the appropriate officer for the relevant function. In financial matters, the Proper Officer is known as the Responsible Financial Officer.

The Clerk’s primary responsibility is to advise the Council on whether its decisions are lawful and to recommend ways in which decisions can be implemented and will if required be asked to research topics of concern to the Council and provide unbiased information to help the Council to make appropriate choices.

The Clerk has a wide range of other responsibilities, these are set out in their job description, or where not formally documented, as directed by the Council from time to time. The Clerk must recognise that the Council is responsible for all decisions and that they take instructions from the Council as a body. The Council must be confident that the Clerk is, at all times, independent, objective and professional.

The Clerk may not make decisions (save as specifically delegated) on behalf of the Council or vote at meetings.

Copythorne Parish Council

The Council: is a body corporate created under The Local Government Act of 1894. Local government was further reformed in 1974 following the Local Government Act of 1972 with the result that Parish Councils had more freedom to operate without consents from central government. Further reforms were made within the Localism Act 2011.

The Council represents and serves the whole community. The Council is responsible for the services it provides. It establishes policies for action and decides how money will be raised and spent on behalf of the community. It is responsible for spending public money lawfully and achieving the best value for money.

Except in certain circumstances (Public Bodies (Admission to Meetings) Act 1960) Council meetings are open to the public. The Council as a body decides whether to work in partnership with other organisations and it often serves (through representatives) on other bodies. An individual Councillor (including the Chairman) cannot make a decision on behalf of the Council so when working in partnership, Councillors must always remember that they represent the Council as a corporate body.

Parish Councillors: are elected by the electors of the Parish (section 16 (2) of the Local Government Act 1972) every four years. Copythorne Parish Council has 7 Councillors, including the Chairman in total. A Councillor may also be returned by by-election, co-option or by return after a successful election petition.

All Councillors are required to complete a declaration of Acceptance of Office and to provide a written undertaking that they accept the Council's Code of Conduct. Under the Localism Act 2011, and the relevant authorities (Disclosable Pecuniary Interests) Regulation 2012, all Councillors are required to register DPI. On May 23rd 2017 Copythorne Parish Council unanimously resolved to adopt a revised Code of Conduct proposed by the Clerk (Minute No. 16). Councillors DPI are registered with Copythorne Parish Council and the monitoring officer of New Forest District Council.

Individual Councillors work together to serve the community and to help the Council to make decisions on behalf of the local community. Councillors contribute to the work of the Council by suggesting ideas, engaging in constructive debate and by responding to the needs and views of the community representing their constituents. Councillors comment on proposals to ensure the best outcome and vote to enable the Council to make decisions.

Councillors must accept the decisions of the Council as a whole even if they do not agree with them. In such circumstances a Councillor may ask for a vote against a Resolution to be recorded.

Councillors are required to behave in an ethical way and to declare an interest when necessary.

The Chairman (Chair): is elected by the members of the Council at the Annual Council Meeting and serves for twelve months (Section 15 (1) of the Local Government act 1972).

The Chairman's main role is to run Council meetings. They can suggest the content and design of the agenda, but as legal signatory, the Clerk has the final say.

The Chairman is responsible for ensuring that effective and lawful decisions are taken at meetings of the Council and, assisted by the Clerk, guides activities by managing the meetings of the Council. The Chairman is responsible for involving all Councillors in discussion and ensuring that Councillors keep to the point. The Chairman summarises the debate and facilitates the making of clear Resolutions and is responsible for keeping discussions moving so that the meeting is not too long. The Chairman has a casting vote. Their first vote is a personal vote as a member of the Council. If there is a tied vote, the Chairman can have a second, casting vote.

The Chairman will often be the public face of the Council and will represent the Council at official events. They may be asked to speak on behalf of the Council and, in such circumstances, should only express the agreed views of the Council and not his/her personal views.

The Chairman cannot legally make a decision on behalf of the Council.

The vice Chair will assume the responsibilities and duties of the Chair in their absence.
