These include decarbonisation of fleet vehicles (switching to electric or vegetable oil), additional tree planting, landscape regeneration, expansion of LED and solar PV installations. Many of these will be public facing to include the **Sir Harold Hillier's Climate Change Frontier Garden, the climate positive carbon negative River Hamble Country Park, and the food waste station at Royal Victoria County Park.**

Public Health Consultation is proposing to re-focus the budget to support the public health work across the Local Authority but deliver key mandated services. The consultation focuses on a series of potential changes within the four service areas, including reducing the number of premises from which services are delivered, staffing levels in commissioned services, a reduction in behaviour change campaigns, and a digital-only offer for some elements of support. The consultation is open from midday on 14 June 2021 and closes at 11:59pm on 9 August 2021.
