

COPYTHORNE PARISH COUNCIL MEETING – OCTOBER 12TH 2021

Item 9 - To receive a Climate Emergency updating report

Following the Facebook and newsletter article asking for volunteers, 9 people have offered to help with this initiative and running phase 1 of the Greening Campaign – **'Engagement and behaviour change by getting as many people as possible in the community joining together to make significant changes to their lifestyle'**.

A meeting has been organised for these volunteers on Thursday 7th October to discuss the Greening Campaign and how we move forward. At this meeting we will discuss the Public Meeting which I hope to hold in mid November. Details of this Public Meeting will be placed on the Council Notice Boards; in the Council Newsletter; on the Council website; and also on Facebook

Cllr. Jackie Rhodes
